

Project Information - Page 1

Instructions:

Select the appropriate Continuum of Care (CoC) name and number from the drop-down menu. The system will auto-populate the "Project Name" field.

Identify the appropriate "Project Type" from the drop-down menu (new or renewal project). Renewal projects are defined as those HUD McKinney-Vento grants that have received prior funding and are eligible to renew during the current competition.

Identify the project's "Program Type" and "Component Type." These selections must be made in the order of appearance (i.e. component type cannot be selected before selecting program type or project type). Depending on the program type selected, indicate the appropriate component type for the project.

Select the state(s) and the congressional district(s) in which the project is located. This information will be used to list the available geography codes on the next screen, and to send correspondence to the appropriate Congressional Representative(s).

In the last field on this form, provide a general description of the project. The description should include information on the homeless needs that are addressed by the project, the type of housing and number of units being proposed, and the target population that the project will serve. This information is required of all new and renewal projects. Rapid Re-housing projects must review the detailed instructions attached to the left menu and must reference the 2008 NOFA for detailed program requirements. Additional program requirements for all project types are also available at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements. As well, additional training for completing this page is available online at: <http://esnaps.hudhre.info/training>.

The following fields must be completed for every project application.

CoC Number and Name CO-503 - Metropolitan Denver Homeless Initiative

Project Name Family Rapid Re-Housing Project

Project Type New Project

Program Type
Content depends on "Project Type" selection

Component Type
Content depends on "Program Type" selection

In which state is the project located? Colorado
(for multiple state selections hold CTRL+Key)

In which Congressional District(s) is the project located? CO-001, CO-002, CO-007
(for multiple selections hold CTRL + Key)

Provide a general description of the project.
(Max 3000 characters)

Project Home Again, the Metro Denver rapid re-housing initiative for homeless families, is a collaboration involving the Colorado Coalition for the Homeless, Metro Denver Homeless Initiative, Denver Human Services, Volunteers of America, and other Metro Denver agencies. This initiative is designed to meet the needs of homeless families with dependent children by appropriately assessing their needs and targeting housing and service interventions based on that assessment.

Specifically, the Project will provide short-term rental assistance of 3 to 6 months, housing search assistance, time-limited case management and supportive services to help homeless families with low to moderate barriers to housing access appropriate permanent housing more quickly. The initiative will also identify and assess families with more significant barriers to housing for referral and placement in appropriate transitional or permanent supportive housing. The project will initially serve up to 70 families annually.

The Colorado Coalition for the Homeless (CCH) will be the lead agency in this collaboration. CCH will utilize and expand its centralized intake and assessment process for homeless families to determine eligibility for the Rapid Re-Housing program and to make appropriate referrals for other transitional housing or service interventions. CCH will contract with agencies in Denver, Jefferson County, Adams County and the City of Aurora to ensure easy access to the centralized intake and assessment process for families in those communities, and also to provide case management and housing search services.

The intake and assessment process will utilize a computerized assessment tool to identify the barriers to housing facing homeless families. The tool encompasses a variety of domains including financial resources, credit issues, rental history, employment, education, legal issues, mental health, and substance use history. This process will be integrated into the HMIS system currently utilized by the Metro Denver CoC to minimize duplication of effort.

The Project will outreach to emergency shelters throughout the Metro Denver continuum of care to identify and assess families for eligibility and appropriateness of rapid re-housing assistance. The overall goal of the initiative is to reduce the length of time a family remains homeless. Through this effort, average shelter stays for families will be reduced, creating shelter capacity for newly homeless families.

Eligible families will receive up to six months of rental assistance to help them transition from emergency shelters to long-term housing. Families will also receive assistance to find appropriate rental housing in the community and to address personal barriers to housing.

The Project will coordinate closely with County Departments of Human Services and Workforce programs to coordinate TANF diversion and emergency assistance and increase household income through employment.

Project Information - Page 2

Instructions:

New projects:

There are two types of special housing projects for the 2008 competition, Samaritan Housing and Rapid Re-Housing. All new SHP-PH, SHP-TH, S+C, and Section 8 SRO projects must identify whether or not special housing funds are being requested. Only new SHP-PH, S+C, and Section 8 SRO projects may request Samaritan Housing funds. Rapid Re-housing funds can be requested by new SHP-TH projects only.

Renewal projects:

Indicate whether or not the project previously received funds under the Samaritan Housing Initiative. If the project received Samaritan funds, the project must continue to meet the requirements of the initiative for the life of the project. Renewal SHP projects must also indicate whether or not it is a consolidated grant. All grant consolidations must be HUD approved prior to application submission. Each consolidated grant must be listed on the "Grant Consolidation" page.

New and renewal projects:

Indicate whether or not the project is:

- using Energy Star;
- located in a rural area (reference the definition in 2008 NOFA before answering this question); and
- located on land previously owned by the military.

All new and renewal projects must also indicate the geographic area(s) that will be served by the project.

Budget Activities:

All SHP projects must identify the budget activities being requested for the project. Depending on the project type, these budget activities may include acquisition, new construction, rehabilitation, leasing (units or structures), supportive services, operations, and/or HMIS. All S+C and Section 8 SRO projects must only complete the rental assistance budget and the estimated development cost budget, if applicable.

For additional instructions and examples on completing this form, reference the detailed instructions document on the left menu and the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

The following fields must be completed for every project application.

Is the project requesting funding under a Special Initiative? Yes
 Select the "Save" button to identify Rapid Re-housing or Samaritan Housing

Special Initiative Applicable: Rapid Re-Housing

Grant Term 3 Years

NOTE: New projects must be 2 or 3 years, except new HMIS projects and new hold harmless reallocation projects, which can be 1, 2 or 3 years.

Does the project use Energy Star? Yes

Is the project located in a rural area? No

Is the project located on land previously owned by the military? No

Select the geographic code(s) for area(s) served by the project (for multiple selections hold CTRL + Key) 080072 AURORA, 080390 DENVER, 080906 LAKEWOOD, 089001 ADAMS COUNTY, 089059 JEFFERSON COUNTY

***Select all applicable budget activities that the project is requesting:**

Leasing

Supportive Services

Project Location(s)

The following list summarizes the project location(s) that have been entered. To add a location to this list, click on the  symbol.

Location Name	Street Address 1	Street Address 2	City	State	Zip
Scattered Site	--	--	--	Colorado	--

Project Location Detail

Instructions:

Location Name (Optional - except for SRA project): Identify the name of the location(s) being used for housing project participants. If the project includes leased or rental units in more than 4 locations, only enter "Scattered Site" in this field. All other project types should enter the name of the project location in this field.

Project Ownership (Required): Indicate whether the location (including all scattered sites locations) is owned or leased by the applicant, sponsor, or a parent organization. If the project contains units that house project participants using SHP funds, under no circumstances may SHP leasing funds be used to lease units or structures owned by the grantee (the applicant), the project sponsor, or the parent organization(s) of either entity.

Location Address (Optional - except for SRA project): Indicate the Street Address, City, State, and Zip Code of the units being used for housing project participants. If the project includes leased or rental units in more than 4 locations, enter the address of the project sponsor in these fields.

For additional instructions and examples related to completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>.

Enter the physical address of the project and indicate the ownership of the location. Scattered site projects should refer to the instructions for details on completing the field on this screen.

Location Name Scattered Site
Property Ownership Lease
Street Address 1
Street Address 2
City
State Colorado
Zip Code
Format: (12345 or 12345-1234)

Project Expansion Information

Instructions:

Expansion projects - identify and describe the expansion of an existing facility or activities being proposed. Projects may only expand facilities that are currently operating and activities that are currently undertaking, to include one or more of the five (5) activities listed. For additional guidance on expanding existing facilities and/or activities, contact the local HUD Field Office: <http://www.hud.gov/offices/cpd/about/local/index.cfm>.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

The following fields relate to new projects that plan to expand one or more existing housing facilities or service activities currently being provided.

Will the project use an existing homeless facility or incorporate activities provided by an existing project? No
(if yes, select the "Save" button to identify the expansion activities)

Project Sponsor Information

Instructions:

The project sponsor is usually the entity that will be carrying out the project. If the sponsor is the same entity as the project applicant, select "yes" in the first drop-down box and enter "save" at the bottom of the page, and the system will auto-populate the fields on this form based on the information entered in the SF-424. Simply verify that the correct information has been populated. If the information is incorrect, correct the applicant information on the SF-424.

If the project sponsor and applicant are separate entities, manually enter the information for the project sponsor. All non-profit sponsors will need to attach proper documentation to verify their non-profit status, if the documentation is not attached to the SF 424. All projects can identify only one sponsor. If multiple sponsors have been identified on past funding applications, the project applicant must identify a "lead" sponsor.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields to identify the project sponsor, including its legal name, type of organization, DUNS number, employer/taxpayer number, and physical address.

Is the project applicant the same as the project sponsor? Yes
(If yes select the "Save" button to auto-fill the fields below)

Organization Name Colorado Coalition for the Homeless
Organization Type M. Nonprofit with 501(c)(3) IRS Status (Other than Institution of Higher Education)

If "Other" specify:

DUNS Number 147287775
Format: xxxxxxxxx or xxxxxxxxxxxxxx

Tax ID or EIN 84-0951575
Format: 12-3456789

Street Address 1 2111 Champa Street

Street Address 2

City Denver

State Colorado

Zip Code 80205
Format: 12345 or 12345-1234

Is the sponsor a Faith-Based Organization? No

Has the sponsor ever received a federal grant, either directly from a federal agency or through a State/local agency? Yes

Non-Profit Documentation Attachment Detail

Document Description:

Project Sponsor Contact Information

Instructions:

The project sponsor is usually the entity that will be carrying out the project. If the sponsor is the same entity as the project applicant, the system will auto-populate the fields on this form based on the information entered in the SF-424. Simply verify that the correct information has been populated. If the information is incorrect, correct the applicant information on the SF-424.

If the project sponsor and applicant are separate entities, manually enter the information for the project sponsor. All non-profit sponsors will need to attach proper documentation to verify their non-profit status, if the documentation is not attached to the SF 424. All projects can identify only one sponsor. If multiple sponsors have been identified on past funding applications, the project applicant must identify a "lead" sponsor.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Provide the name and contact information of the person to be contacted for matters regarding project operations. If the sponsor is the same entity as the applicant, the system will auto-populate the fields below.

Experience of Project Applicant, Sponsor, and Partners

Instructions:

The purpose of this screen is to determine the ability of the project partners to operate and carry-out the housing and/or supportive service activities of the project.

All projects - describe the specific type and length of experience for the applicant, project sponsor, housing and supportive service providers, and if applicable, key subcontractors involved in implementing the project. In addition, describe the experience in working with homeless persons, and the experience directly related to the proposed activities being carried out, including housing development, housing management, housing families (especially for Rapid Re-housing projects), service delivery, and HMIS activities (for new HMIS projects).

Rapid Re-housing projects - must also describe specific experience serving homeless households with dependent children and include a description of the performance for previous Rapid Re-housing for Families and/or households with dependent children projects. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>.

Describe how the project applicant, sponsor, and partners meet the experience standards outlined in the NOFA.

Describe experience of project partners related to providing activities and working with homeless persons.

The Colorado Coalition for the Homeless (CCH) has more than 22 years experience in successfully operating housing search, housing placement and supportive housing programs for homeless families and individuals, including rapid re-housing and housing first programs. CCHs mission is to work collaboratively toward the prevention of homelessness and the creation of lasting solutions for homeless individuals and families throughout Colorado.

CCH operates numerous programs providing demonstrated success in serving more than 12,000 homeless persons annually, including primary health care; mental health services; substance abuse treatment and counseling; tenant based rental assistance, affordable housing development; case management; emergency services; early childhood education and childcare; benefits advocacy; transportation; and employment and vocational services. CCH has been extremely successful at developing over 1,200 units of transitional and permanent supportive housing and services.

CCH currently manages 35 Continuum of Care grants, and 25 grants from other federal agencies to provide housing search, supportive housing, comprehensive case management, and supportive services to homeless families, including:

1. In 1990, CCH established the Metro Denver Homeless Families Project, funded by the Robert Wood Johnson Foundation and HUD to address the needs of multi-problem homeless families. This project provided immediate permanent housing to 120 homeless families through Section 8 tenant based rental assistance vouchers combined with housing search assistance and intensive case management services. CCH was successful in leasing up 120 families within six months. 85 percent of families remained in housing after two years. Additional housing was created using HOME and other local resources. This project continues to successfully house and serve more than 200 families throughout Metro Denver.

2. Since 1995, CCH and its partner agencies Family Tree and ACCESS Housing have been providing rapid re-housing assistance to help homeless families move into and maintain permanent housing in the community through the Homeless No More project. Through a combination of first months rent and security deposits, housing search assistance, and case management, CCH assists more than 140 families annually to exit homelessness and enter permanent housing. During the most recent 12-month reporting period, the project served 142 homeless families (174 adult family members and 342 child family members) at an average annual cost of \$2,710/family. Eighty-nine percent (89%) of participants exiting the project successfully maintained their permanent housing for at least one year. More than 86% of exiting participants had some form of income and 40% of those with income were employed. This project has demonstrated its effectiveness in assisting families to overcome homelessness and to attain and maintain permanent housing stability.

3. CCH currently operates 7 transitional housing programs for homeless families and two permanent supportive housing programs for homeless families with disabilities in Metro Denver. Each night, CCH houses 243 families through these programs. CCHs transitional housing programs average 80% families successfully moving from transitional to permanent housing.

4. CCH administers 250 Section 8 tenant-based vouchers under contract with the Colorado Division of Housing. These vouchers are targeted to homeless families to rapidly move them from homelessness to permanent housing. CCH provides housing counseling, housing search assistance, mediation between landlords and tenants, and negotiation of rents on behalf of homeless families

receiving these vouchers.

5. CCH has a MOU with the Denver Housing Authority whereby DHA provides priority access to 148 Section 8 vouchers for homeless families served by CCH. CCH provides screening for eligibility, referral to the housing authority, case management services, and housing search assistance to rapidly move these families from shelter to permanent housing. CCH has been successful in achieving full capacity of families obtaining and maintaining housing in this program.

6. CCH currently administers 120 HOME tenant based rental assistance (TBRA) vouchers for homeless families and individuals. CCHs housing placement and case management staff assists these families to find landlords willing to accept TBRA vouchers, conduct housing quality inspections, negotiate rents, and mediate conflict with landlords. The project has maintained an 85% housing stability outcome for families in this program.

7. CCH operates two Housing First programs serving 185 chronically homeless individuals. Through these programs, housing counselors and case managers provide priority placement in privately owned housing utilizing a combination of housing resources including tenant based Shelter Plus Care vouchers and scattered site Supportive Housing Program leasing assistance. Staff successfully provides housing search, placement, negotiation and mediation with landlords, and supportive services to tenants to ensure housing stability. These programs have achieved an average of 81% of households maintaining housing stability after 2 years.

CCH staff has extensive experience in operating rapid re-housing and supportive housing programs for homeless households with dependent children. This staff includes John Parvensky, President (22 yrs. experience in development and management of housing and service programs for homeless families); Louise Boris (30 yrs. managing housing and service programs for homeless families and individuals); Mark Mastro (16 yrs. experience administering CCHs rental assistance programs providing housing to more than 800 households each night); 8.0 FTE housing counselors with a combined 35 yrs. experience providing housing search, housing counseling, and landlord mediation for homeless households.

Are there any unresolved monitoring or audit findings on HUD McKinney-Vento Act grants, excluding ESG? No
(If yes, select the "Save" button to explain findings)

Special Housing Project

All new projects requesting special housing funds (Samaritan Housing or Rapid Re-housing for Families) must address all mandatory fields below. It is imperative that applicants carefully review the 2008 NOFA for program eligibility requirements.

Experience in forming relationships with landlords, including:

- The outreach efforts that the agency uses
- How relationships are maintained
- How the agency deals with conflicts between landlords and clients
- How the agency documents cooperative landlords and affordable units (i.e. a web-based housing locator, distribution list)

Colorado Coalition for the Homeless currently provides rental assistance to more than 800 homeless households living in scattered site housing in the community. CCH works very closely with landlords and clients to secure appropriate, affordable housing. CCH itself manages more than 1,500 apartments in the metro Denver area.

Landlord outreach begins with our existing database of landlords. The housing counseling staff continually adds potential landlords as apartments become available. Staff coordinates with public housing authorities in each community represented in the continuum of care. Ongoing outreach is also made to tax credit properties and affordable housing developers. Private landlords are identified through the larger property management companies as well as the Apartment Association of Metro Denver.

CCH staff work to maintain relationships landlords through communication and understanding landlords issues and concerns. Through years of experience in working with landlords, CCH has learned that landlords are generally concerned with four things:

1) the rent is paid in full and on time; 2) the rental unit is taken care of; 3) the tenant is a good neighbor for the building the community, and 4) there is a mechanism to address problems that arise.

In working with current and potential landlords, CCH helps to ensure that the rent will be paid in full and on time every month. CCH conducts monthly housing inspections by the case managers to ensure that rental units are maintained in good condition. Participating families are required to sign a crime-free, drug-free and low-noise-level contract to ensure they will be good neighbors and tenants. Case managers in conjunction with housing counselors are trained to intervene before problems arise. They also quickly respond to landlord complaints by mediating the conflict.

Housing Counselors conduct credit checks, and educate program participants on how to look for and maintain housing while case managers make visits to the family's home to assist them in meeting mutually established goals. This gives CCH the ability to identify and prevent or intervene in housing related issues. Landlords can quickly contact the housing counselor to address tenant issues. This gives participating families a competitive edge in finding affordable housing in a tight market.

CCH has found that it is necessary for the Supportive Services staff and the Rental Assistance staff to have consistent communication concerning program participants to ensure their continued housing stability.

CCH utilizes ColoradoHousingSearch.com to identify appropriate affordable housing opportunities, and to assist clients in finding available housing. This web-based housing locator is jointly sponsored by the Colorado Housing and Finance Authority (CHFA) and the Colorado Division of Housing. CCH augments this with its own database of friendly landlords.

The CoCs centralized intake process for families, as defined by HUD in the 2008 NOFA, including how families will be made aware of the Rapid Re-housing program being offered by your agency.

CCH operates a centralized intake process for homeless families across the CoC to screen and assess homeless families and to place them in housing and service programs to best meet their needs. As the largest provider of housing and services for homeless families and individuals in Colorado, CCH provides centralized intake for families at its Family Service Center (FSC) in Downtown Denver close to the largest family emergency shelters in the continuum. CCH advertises its intake process through its website, through 2-1-1, and in posters placed throughout the community. CCH also contracts with agencies throughout the CoC to provide coordinated intake, assessment, housing and supportive services for homeless families to ensure that it is easily accessible to the needs of homeless families across the continuum, including those with limited transportation, limited mobility, and young children.

Every morning, homeless families come to the FSC to access housing and services. Families are assessed for their emergency needs, and placed in family shelters based on availability. Due to limited vacancy, once shelters are filled for the day, families are provided a motel voucher for the night. Emergency service staff works with the families and shelter staff to provide placement in an appropriate family shelter once a vacancy occurs. CCH operates and manages 138 transitional housing units and 105 permanent supportive housing units for homeless families with children in the CoC. In addition, CCH manages 400 affordable permanent housing apartments for families which can be used for Project Home Again families.

CCHs centralized intake process for homeless families assesses and screens families for eligibility for all housing and service interventions for families. With funding through the Rapid Re-Housing Demonstration, the process will be better able to identify families with low to moderate barriers to housing, who will be placed into the Rapid Re-Housing program, and families with high or severe barriers to housing, who will be placed into transitional or permanent supportive housing and service programs.

This centralized intake process is integrated with the CoCs HMIS system, allowing real time access, monitoring, and reporting across the continuum of care. The intake process is integrated and coordinated with United Ways 2-1-1 telephonic and web-based information and referral network. 2-1-1 is a free, multilingual service that is available 24 hours a day, 7 days a week and refers callers to non-emergency health and human services. Trained operators identify the needs of the family, and make appropriate referral to the Project Home Again centralized intake and assessment. The 2-1-1 system is continuously marketed by the United Way to ensure that families in need know where to call for help. Last year, 2-1-1 received more than 120,000 assistance calls from those in need.

The agency's assessment process, including:

- The criteria that you will use to determine whether a family is eligible for the demonstration project
- The types of services or referrals families will receive if they are determined to be ineligible for assistance through the demonstration project
- The assessment tool that the agency uses for evaluating families. On the following screen, you will be able to attach the tool your agency currently uses after you have completed this section.

Project Home Again will utilize a modified Assessment Process that will screen both for eligibility for the Rapid Re-Housing Demonstration project as well as for other supportive housing and service interventions needed by homeless families with children.

The primary criteria to determine eligibility for the demonstration project include 1) documentation of at least 7 days of consecutive homelessness (on the streets or in emergency shelters); 2) ability to independently maintain housing after short-term assistance, and 3) at least one moderate barrier to housing which can be addressed by the program within 6 months.

The Assessment Tool will document eligibility and determine the suitability of the family for placement into the demonstration project. Specifically, the tool will assess eight domains: homeless history, employment/financial, family dynamics, legal issues, education, mental health, substance use history, and rental history. The tool also identifies a variety of moderate barriers to housing including short-term financial issues, loss of employment, inadequate child care resources, educational issues, legal problems, mental health issues, past substance abuse, poor rental history, and poor credit issues. A credit check will also be conducted.

Intake and assessment staff will complete the assessment tool and evaluate families eligibility and suitability for the demonstration program as well as eligibility and suitability for other transitional housing or permanent supportive housing in the CoC, including programs operated by CCH.

Families with low to moderate barriers to housing, i.e. those which can be addressed and overcome within six months, will be enrolled into the demonstration program. Those families with high barriers to housing, i.e. those which will take more than six months to overcome, but which can be addressed within 24 months, will be referred to transitional housing administered by CCH. Those families with severe barriers to housing, i.e. those which are likely to require ongoing health, mental health and other supportive services, will be referred for placement into permanent supportive housing and services.

The agency's and partner's connection with mainstream community social services and benefits, including:

- The types of services to which the agency/partner routinely connects clients
- The mainstream service agencies with which your agency has formal agreements

The Colorado Coalition for the Homeless has extensive experience in assessing eligibility and connecting clients to mainstream services. CCH operates a Family Benefits Acquisition and Retention Team (BART) which has memoranda of understanding with the mainstream agencies to facilitate and expedite processing of application for service or assistance for homeless families. The team has established protocols with Social Security Administration and Colorado Disability Determination Services for expedited processing and follow-up on SSI benefit applications. Case managers and benefits specialists have primary responsibility to help clients access the benefits and income supports they are entitled to.

All staff members are trained to assess eligibility of participants in mainstream programs, including TANF, Food Stamps, Medicaid, Social Security SSI and SSDI, SCHIP+, child care, and other services. All participants are thoroughly assessed for eligibility to these mainstream service programs. Information regarding mainstream services is provided in written and verbal form to each project participant. Applications for these programs are taken on-site, or clients are assisted to complete applications at mainstream agency locations. Case managers often transport and accompany participants to mainstream service program offices and help in the eligibility process.

Intake specialists from the Department of Human Services, Denver Health, and Social Security Administration take applications for assistance on-site at CCHs service centers. CCHs Benefits Specialists complete applications for Medicaid (including presumptive eligibility for pregnant women) on-site. Follow up and appeals are facilitated by staff when needed.

CCH itself is also a Federally Qualified Health Center and a recipient of Mental Health Block Grant funds and, thus, is delivering mainstream services.

CCH staff members officially also serve in various groups guiding mainstream service delivery such as State of Colorado Mental Health Advisory Committee, Medicaid Capitation Advisory Committee, State of Colorado Policy Academy, advocating for increased access to mainstream programs for homeless families.

CCH has memorandum of understandings or service agreements with 22 mainstream service agencies, including Denver Human Services, Social Security Administration, Colorado Health Care Financing (Medicaid/Medicare), Colorado Department of Human Services, Denver VA Medical Center, Mental Health Center of Denver, Denver Health and Hospitals, the Denver Housing Authority, and Adams County Housing Authority.

CCH also administers 250 Section 8 vouchers, under agreement with the Denver Housing Authority and the Colorado Division of Housing. This allows increased access to mainstream housing resources by homeless families.

Rapid Re-Housing Assessment Tool

Document Type	Required?	Document Description	Date Attached
Rapid Re-Housing Assessment Tool	Yes	Rapid Re-Housing ...	09/10/2008

Assessment Tool Attachment Detail

Document Description: Rapid Re-Housing Assessment Tool

Type and Scale of Housing

The following list summarizes all housing units that will be used for participants in the project. To add information to this list, click on the icon and enter the requested information.

Housing Type	Units	Beds	Bedrooms
Scattered-site apartments (...)	35	100	75

Type and Scale of Housing Detail

Instructions:

For the 2008 competition, the available housing type selections have been re-defined. Refer to the detailed instructions located on the left menu for additional instructions on completing this page.

If the project is funded, the applicant/sponsor will be responsible for operating the project as indicated here. Entering incorrect information may result in the reduction or withdrawal of the conditional award. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields related to the number of units, beds, and bedrooms for each housing type in the project.

Housing Type: Scattered-site apartments (including efficiencies)

Total for Selected Housing Type

Units: 35

Beds: 100

Bedrooms: 75

Project Participants - Households with Dependent Children

Instructions:

The purpose of this form is to capture the total number of homeless persons served by the project at a point in time, as well as the subpopulations/disabilities for each household. If the project is not serving households with dependent children, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form. .

Rapid Re-housing projects: 100% of the adults served by the project must be accompanied by children and should be reflected in the fields below.

Samaritan Housing, Safe Haven, and SRO housing projects: 100% of the households served by the project must not be accompanied by children. Therefore, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

All projects: in the "Total Persons" column indicate the total number of "disabled adults," "non-disabled adults," "disabled children," "non-disabled children," and "Total Number of Households" for each household in the project. The system will auto-populate the remaining fields in this column.

Next, identify the appropriate subpopulation (Severely Mentally Ill, Chronic Substance Abuser, Veterans, Persons with HIV/AIDS, and Victims of Domestic Violence) for each person in the project. If the participants are dually-diagnosed and fit into more than one subpopulation (i.e. severely mentally ill with chronic substance abuse), make sure to indicate these individuals in all appropriate subpopulations (it is possible to have overlapping information). The system will auto-calculate all totals based on the values entered for each subpopulation.

Notice that information cannot be entered into certain fields. Persons with a severe mental illness and/or HIV/AIDS constitute disabled adults; therefore, no entry is allowed in the "non-disabled adult" fields. Also, no values can be entered for any children under the Veterans columns. For homeless assistance programs, chronic substance abuse, by itself, may constitute as a disability.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Indicate the total number of households that include a homeless adult with dependent children. Also identify the number of persons and subpopulations within each household in the project.

Total Number of Households	35					
	Total Persons	Severely Mentally Ill	Chronic Substance Abuse	Veterans	Persons with HIV/AIDS	Victims of Domestic Violence
Disabled Adults	0	0	0	0	0	0
Non-Disabled Adults	45		0	0		
Disabled Children						
Non-Disabled Children	75					
Total Persons (select "Save" to auto-calculate)	120	0	0	0	0	0
Total Number of Adults (select "Save" to auto-calculate)	45					
Total Number of Children (select "Save" to auto-calculate)	75					

Project Participants - Households without Dependent Children

Instructions:

The purpose of this form is to capture the total number of homeless persons served by the project at a point in time, as well as the subpopulations for each household. If the project is serving households with dependent children, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

Samaritan Housing, Safe Haven, and SRO housing projects: 100% of the adults served by the project must be unaccompanied by children and should be reflected in the fields below.

Rapid Re-housing projects: 100% of the adults served by the project must be accompanied by children. Therefore, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

All projects: in the "Total Persons" column indicate the total number of "disabled adults," "non-disabled adults," "non-disabled unaccompanied youth," "non-disabled children," and "Total Number of Households" for each household in the project. The system will auto-populate the remaining fields in this column.

Next, identify the appropriate subpopulation (Chronically Homeless, Severely Mentally Ill, Chronic Substance Abuser, Veterans, Persons with HIV/AIDS, and Victims of Domestic Violence) for each person in the project. If the individuals are dually-diagnosed and fit into more than one subpopulation (i.e. severely mentally ill with chronic substance abuse), make sure to indicate these individuals in all appropriate subpopulations (it is possible to have overlapping information). The system will auto-calculate all totals based on the values entered for each subpopulation.

Notice that information can only be entered into certain fields. Chronically Homeless persons must be disabled adults in households without children, so no entry is allowed in the "non-disabled adult" fields. Also, Veterans must be adults; therefore, no entry is allowed for unaccompanied youth. All severely mentally ill persons and persons living with HIV/AIDS are automatically considered disabled; therefore, there can be no entry for non-disabled persons. For homeless assistance programs, chronic substance abuse, by itself, may constitute as a disability.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Indicate the total number of households that include a homeless adult without dependent children. Also identify the number of persons and subpopulations within each household in the project.

Instructions:

Chronically Homeless must be disabled adults in households without children (so no entry allowed in non-disabled adult or children/youth)

Severely Mentally Ill are all considered disabled (so no entry allowed in non-disabled)

Chronic Substance Abuse may not constitute a disability on its own

Veterans must be adults (so no entry allowed in children/youth)

Persons living with HIV/AIDS are all considered disabled (so no entry allowed in non-disabled)

Total Number of Households	0
----------------------------	---

Colorado Coalition for the Homeless						EX2_001498	
	Total Persons	Chronically Homeless	Severely Mentally Ill	Chronic Substance Abuse	Veterans	Persons with HIV/AIDS	Victims of Domestic Violence
Disabled Adults	0						
Non-Disabled Adults	0						
Disabled Unaccompanied Youth	0						
Non-Disabled Unaccompanied Youth	0						
Total Persons (select "Save" to auto-calculate)	0	0	0	0	0	0	0
Total Number of Adults (select "Save" to auto-calculate)	0						
Total Number of Unaccompanied Youth (select "Save" to auto-calculate)	0						

Supportive Services for Participants

Instructions:

The information entered in this form will help determine the project's capacity to provide services or access to services for participants. If the project is requesting supportive services funding, the level of services must be reflected here.

Describe supportive services being offered - all new projects must describe the supportive services that will help participants obtain and remain in permanent housing, access mainstream resources, and/or obtain employment.

Frequency of supportive services - Each new project must also indicate the frequency (daily, weekly, bi-weekly, monthly, quarterly, does not apply) at which these basic supportive services are provided to project participants.

Rapid Re-housing projects- in the "other" boxes, indicate the frequency at which housing placement, literacy training, and legal assistance services will be provided to participants.

Indicate the level of accessibility of community amenities for project participants - basic community amenities include medical facilities, grocery stores, recreation facilities, schools, etc, and should be accessible to participants via walking, public transportation, driving, or transportation provided by the project. For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

In the fields below, provide information about the type of supportive services that will be provided to participants in the project as well as the frequency in which they are provided. In addition, describe how participants will be assisted to increase self-sufficiency.

Describe how participants will be assisted to obtain and remain in permanent housing.

Case managers and housing specialists will help families complete housing applications, credit checks, obtain needed identification, find appropriate housing, negotiate with landlords, and move into their permanent housing unit. The case manager will continue to work with the family while they are in the housing program. If the participant becomes involved in activities that threaten their eviction, the case manager works with the landlord and client to develop an acceptable resolution.

Case management is critical to help families navigate the social service system, obtain needed services, successfully move to stable housing, increase their level of healthy functioning, and become empowered to control their own lives. Case managers develop with the family a work agreement or service plan comprised of realistic goals and actions that will help the family maintain housing and achieve independent living. Participants will also have access to other CCH supportive services.

Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

Families will be assisted to increase their income and maximize their ability to live independently through a combination of housing counseling, short term case management, and supportive services designed to overcome their barriers to housing and increase their life skills.

CCH operates a Family Benefits Acquisition and Retention Team (BART) for families, which has a memorandum of understanding with the Social Security Administration for expedited processing and follow-up on SSI benefit applications. The case manager, working in conjunction with BART, will have primary responsibility to help residents access the benefits and income supports they are entitled to. This will help increase their incomes.

The case managers and counselors will also help residents to maximize their self-sufficiency by addressing the underlying causes of their homelessness and increasing their life skills. The program uses a strengths based approach which identifies and builds upon the skills and strengths the participants brings with them and help them achieve their own determined goals. Short term, intensive case management will assist the client in developing realistic goals and action steps necessary for maintaining independent living, and help them access the other services needed to allow them to accomplish those goals. Weekly meetings between the family and case manager will ensure that progress is being made, or that strategies are modified to achieve stability and success.

Through this program, families will be able to increase their self-sufficiency through trainings provided on basic life skills and tenant responsibilities. Residents will also be encouraged to participate in vocational training and employment opportunities according to their needs and abilities. The goal is to help each family increase their income, to become employed, and to live independently.

The case managers will also help families address their barriers to housing including addressing their short-term financial issues through financial planning and budgeting. Families will be assisted in finding and accessing affordable childcare or education and training opportunities through CCH and other community resources. Legal issues will be addressed through CCHs volunteer legal clinic. Minor mental health issues will be addressed through CCHs mental health clinic. Poor rental and/or credit histories will be addressed through tenant training and advocacy with landlords.

The project will also connect families to TANF Workforce programs, as well as CCH employment programs, to maximize employment training and placement opportunities. The Denver Department of Human Services and Denvers Workforce Development Office will collaborate in providing targeted employment training and placement to help TANF eligible families move from welfare to work, increasing their ability to maintain housing and become self-sufficient.

Supportive Service	Select frequency
Outreach	Daily
Case Management	Daily
Life Skills	Weekly
Job Training	Monthly
Alcohol and Drug Abuse Services	Bi-monthly
Mental Health and Counseling	
HIV/AIDS Services

How accessible are basic community amenities (e.g., medical facilities, grocery store, recreation facilities, schools, etc.) to the project? Yes, very accessible

Outreach for Participants

Instructions:

To help determine the eligibility of homeless participants served by the project, as well as the project's eligibility to apply for homeless assistance funding, indicate where the homeless participants are coming from (streets, emergency shelters, safe havens, transitional housing who came directly from the street, or other places). Also, describe how the applicant/sponsor plans to bring these participants into the project.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields related to the outreach plans to bring participants into the project.

Enter the percentage of homeless person(s) who will be served by the proposed project for each of the following locations.

Note: this includes persons who ordinarily sleep in one of the places listed below but are spending a short time (30 consecutive days or less) in a jail, hospital, or other institution.

10%	Persons who came from the street or other locations not meant for human habitation.
90%	Person who came from Emergency Shelters.
	Persons who came from Safe Havens.
	Persons in TH who came directly from the street, Emergency Shelters, or Safe Havens.
100%	Total of above percentages

If the total is less than 100%, describe very specifically where the other persons you propose to serve would be coming from, and how these persons would meet the HUD homeless definition.

100% will come from emergency shelters or the streets.

Describe the outreach plan to bring these homeless participants into the project.

CCH is the lead agency in the Denver Outreach Collaborative, a multi-agency collaborative conducting street outreach to homeless families and individuals in Denver. Outreach is provided on a coordinated basis 16 hours each day, seven days per week. An Outreach Dispatch worker fields calls from throughout the CoC identifying homeless individuals or families in need of assistance. The outreach workers respond to engage the person and direct them to appropriate services.

The majority of families for Project Home Again will come from emergency shelters or emergency service workers at CCHs Family Service Center. Intakes and assessments will be conducted on-site at family shelter sites to identify eligible families and enroll them into the program. The largest family shelters have participated in the development of the program and will be closely involved in its implementation, ensuring that the goal of rapidly moving families from shelter to permanent housing is achieved.

Housing for Participants

Instructions:

The purpose of this form is to determine the ability of the project to meet the housing standards as described in the NOFA. While this form may be visible by all projects, it only applies to specific housing activities. All renewal projects and new SHP-SSO, SHP-HMIS, SHP-SH, S+C-SRA, and S+C-PRA projects do not have to complete this form and may move to the next form.

The maximum allowable length of stay for participants in SHP-TH projects is 24 months. However, Rapid Re-housing participants must not be housed longer than 18 months. HUD does not impose a length of stay restriction on participants in permanent housing projects (S+C, SHP permanent housing, and Section 8 SRO).

All SHP-PH, S+C-TRA, and S+C-SRA projects must describe the reason for selecting the proposed housing structure.

All S+C-PRAR, S+C-SRO, Section 8 SRO projects and SHP projects that are requesting funds for rehabilitation must describe the rehabilitation activities that will be undertaken for housing the participants in the project.

All other project types are not required to complete this form and may move to the next form.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields related to housing participants in the project.

*** Maximum length of stay allowed 6
(up to 24 months)**

Discharge Planning Policy

The following question must be completed by project applicants that are State or Local government agencies.

Has the state or local government developed or implemented a discharge planning policy or protocol to prevent or reduce the number of persons discharged from publicly-funded institutions (e.g. health care facilities, foster care, correctional facilities, or mental health institutions) into homelessness or HUD McKinney-Vento funded programs?

Not Applicable

Project Leveraging

The following list summarizes the leveraging funds for the project. To add information to this list, click on the icon and enter the requested information.

Total value of written commitment \$126,129

Contributor	Source	Date of Commitment	Value of Commitment
Colorado Coalitio...	Private	09/08/2008	\$126,129

Project Leveraging Detail

Instructions:

Indicate the type, source (government or private), and total amount of contributions for which the project has a written commitment in hand at the time of application. If you do not have a written commitment in-hand, do not enter the contribution. Undocumented leveraging claims may result in the re-scoring of the CoC application and the withdrawal of the conditional award.

A written agreement should include signed letters, memoranda of agreement, or other documented evidence of a commitment. All written commitments must be signed and dated by an authorized representative, and should include the name of the contributing organization, the type of contribution (cash, child care, case management, etc.), the value of the contribution, and date the contribution will be available. It is also important that the written commitment include the project name and be addressed to the project applicant or sponsor.

Eligible leveraging items may include any written commitments that will be used towards the cash match requirements in the project, as well as any written commitments for buildings, equipment, materials, services and volunteer time. The value of commitments of land, buildings and equipment are one-time only and cannot be claimed by more than one project (e.g. the value of donated land, buildings, or equipment claimed in 2007 and prior years cannot be claimed as leveraging by that project for 2008 or any other subsequent year).

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for additional program requirements.

Value of Written Commitment	\$126,129

Homeless Management Information System (HMIS) Participation

Instructions:

The data entered into this form will be used to determine the percentage of clients reported in the CoC's HMIS for this project.

Indicate whether or not the project is participating in the HMIS. If the project is participating in the HMIS, enter additional information about the project's participation in the HMIS, including the total number of clients served by the project, the total number of clients reported in the HMIS, and the percentage of values that are missing ("Null or Missing Values") and/or unknown ("Don't Know or Refused") for all client records reported. If there were no unknown value, enter "0" in any field within the chart, and select "Save & Next" to move to the next form.

If the project is not participating in the HMIS, indicate the reason(s) for non-participation.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA for additional program requirements.

All projects must indicate their level of participation in the CoC's HMIS.

Does this project provide client level data to HMIS at least annually? No

Select the "Save" button to enter additional information.

Indicate the reason for non-participation in the HMIS New project not yet operational

For Federal/State prohibition, cite applicable law. For "Other", provide explanation.

SHP Leasing Budget

The following information summarizes the SHP leasing request for the project.

To add information to this list, click on the icon and enter the requested information.

Summary SHP Leased Budgets \$1,098,000

SHP Leased Structures Budget

The following information summarizes the SHP funds being requested for one or more structures leased for operating the project.

To add information to this list, click on the icon and enter the requested information.

Structure Name	Paid Amount	Number of Months	Total
This list contains no items			

SHP Supportive Services Budget

Complete the following budget fields detailing how SHP funds will be used to provide supportive services project participants.

Instructions:

Enter the quantity and total dollar amount of SHP funds requested for each supportive service in the project for each year of the grant term. Enter only the portion of the costs DIRECTLY related to providing services to project participants who are eligible for SHP funding. Refer to the SHP Desk Guide for details on eligible supportive services costs:

<http://www.hudhre.info/index.cfm?do=viewShpDeskguideD> For detailed instructions and examples on completing this budget, reference the online training modules at: <http://esnaps.hudhre.info/training>.

By law, SHP funds may be used to pay for up to 80% of the total supportive services budget for each year of the grant term. This means that the grantee or project sponsor must make cash payment for at least 20% of the project's total supportive services annual budget. Although documentation of matching funds is not required in this application; if the project is awarded grant funds, documentation for Year 1 must be presented before grant agreement and entered in the Annual Performance Report (APR) at the end of the operating year. Documentation of cash match for Years 2 and 3, if applicable, must be met by the end of each of those years and entered in the corresponding APR.

Rapid Re-housing projects - If the applicant is applying for a Rapid Re-housing Demonstration Project and will be providing housing placement, legal assistance and literacy training these items should be listed under "other" costs.

Supportive Services Costs	Quantity (limit 200 characters)	SHP Request Year 1	SHP Request Year 2	SHP Request Year 3	Total	
1. Outreach		\$0	\$0	\$0	\$0	
2. Case Management	4 FTE Case managers @ 27,000 plus 24% fringe benefits	\$134,537	\$134,537	\$134,537	\$403,611

	Housing Placement	One FTE Housing Specialist @ 27,000 plus 24% fringe benefits	\$33,634	\$33,634	\$33,634	\$100,902
			\$0	\$0	\$0	
			\$0	\$0	\$0	
14. Total SHP dollars requested		\$168,171	\$168,171	\$168,171	\$504,513	
15. Cash Match		\$42,043	\$42,043	\$42,043	\$126,129	
16. Total SHP Supportive Services Budget		\$210,214	\$210,214	\$210,214	\$630,642	
17. Other resources (cash and in-kind)		\$0	\$0	\$0	\$0	

Supportive Housing Program (SHP) Summary Budget

Instructions:

To update the individual budget activities (acquisition, new construction, rehabilitation, leasing, supportive services, operations, or HMIS), use the left menu bar to go back to the appropriate budget. Refer to the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewShpDeskguideD> for details on funding limitations, cash match, and eligible budget activities.

The following information summarizes the SHP funding request and the available cash match for the total term of the project. Enter the appropriate amount of administrative costs for the project.

Selected Grant Term 3 Years

SHP Activities	SHP Dollars Request	Cash Match	Totals
1. Acquisition			\$0
2. Rehabilitation			\$0
3. New Construction			\$0
4. Subtotal (Lines 1 - 3)	\$0	\$0	\$0
5. Real Property Leasing From Leasing Budget Chart	\$1,098,000		\$1,098,000
6. Supportive Services From Supportive Services Budget Chart	\$504,513	\$126,129	\$630,642
7. Operations From Operating Budget Chart	\$0	\$0	\$0
8. HMIS From HMIS Budget Chart	\$0	\$0	\$0
9. SHP Request (Subtotal lines 4-8)	\$1,602,513		
10. Administrative Costs (Up to 5% of line 9)	\$79,209	Max. Admin. Allowed	\$80,126
	Total SHP Request (Total lines 9 and 10)	Total Cash Match	Total Budget (Total SHP Request + Total Cash Match)
	\$1,681,722	\$126,129	\$1,807,851
